

AUGUST BREMANDER HASSELBLAD

ABOUT ME

Hi!
My name is August,
I'm born and raised in Gothenburg, Sweden.
Having recently moved to Copenhagen, I am
excited to embrace fresh opportunities.

I am an artist with a passion for people,
customer service, interior design and
continous learning. I bring a unique blend of
creativity and understanding to any workplace.

During my time working at an elementary
school, I've learned a strong sense of
adaptability. Engaging the kids and creating
a positive learning enviroment has provided
me with the valuable insights into
understanding individuals' unique needs.
This continued to impact my day-to-day life
and also a lot of different work opportunities.
I see myself as flexible, patient, and very
service minded.

I'm eagerly looking forward to hearing from
you. Please feel free to reach out whenever
- with any questions you may have!
